# MEMORANDUM OF UNDERSTANDING

## **BETWEEN**

THE CHINESE CRYPTOLOGY AND INFORMATION SECURITY ASSOCIATION, TAIWAN, R.O.C.

## AND

# INSTITUTE OF SYSTEMS AND INFORMATION TECHNOLOGIES AND NANOTECHNOLOGIES INFORMATION SECURITY LABORATORY, JAPAN

This Memorandum of Understanding (hereinafter referred to as the "Memorandum") is made on January 1, 2013, by and between The Chinese Cryptology and Information Security Association (hereinafter referred to as "CCISA") with its principal offices located at 4F, Computing Center, National Kaohsiung Normal University, 116, Heping 1<sup>st</sup> Road, Kaohsiung 802, Taiwan and Institute of Systems and Information Technologies and Nanotechnologies, Information Security Laboratory (hereinafter referred to as "ISIT-Security Lab."), with its principal offices located at Fukuoka SRP Center Building, 2-1-22, Momochihama, Sawara-ku, Fukuoka City 814-0001, Japan. CCISA and ISIT-Security Lab. agree to execute this Memorandum for the purpose of developing a spirit of amity with each other. The two organizations will cooperate in developing friendship and mutual interests on a reciprocal basis, and to respect the independence and equal status of each organization. Now, therefore, in consideration of the mutual promises made herein, the parties (sometimes referred to herein collectively as "the Parties", and individually as a "Party") hereby agree with the following general provisions and terms:

#### ARTICLE 1. EXECUTION PERIOD

The Memorandum shall take effect from the last date of signing by both parties and shall remain in force for three years from the date of execution (the "Execution Period"), unless extended or modified by mutual advance written consent.

#### ARTICLE 2. SCOPE OF COOPERATION

The Parties have identified the following areas of common interest for cooperation:

- Design of Cryptographic Protocols
- Privacy and Trust
- Public-key Primitive
- Network Security
- Mobile Security
- Multimedia Security
- Other areas in cryptography and information security as mutually agreed upon by the Parties

## ARTICLE 3. FORMS OF COOPERATION

The five forms of cooperation under the Memorandum are listed as follows:

## (1) Exchange of Academic Materials, Information and Publications

For the mutual complementary interest of both parties, ISIT-Security Lab. and CCISA shall exchange academic materials, information and publications.

## (2) Personnel Exchange

Each party shall send its research engineers to the other party for the purposes of studying, visiting or joining the research activities and receiving advanced training from the other party. In case either party sends its personnel to the other party to receive advanced training under the programs, the hosting party shall provide office space, computer equipment, laboratory facilities and technical guidance to the trainees during the period of training.

# (3) Joint International Conferences and/or Seminars

With a view to enhancing the cooperative relationship between the two organizations, ISIT-Security Lab. and CCISA shall hold mutual consultations on the basis of practical needs, and hold joint international conferences and/or seminars by turns.

## (4) Collaborative Research and Development Projects

The Parties shall engage in the cooperative joint projects, which shall include, but not be limited to, technical assistance, technical consultant and technology transfer, which shall be specified by a separate contract, on a case-by-case basis. With regards to joint research and development projects, the staff members of each party, at the request of the other party, will provide further guidance to the hosting party in the capacity of technical consultants.

#### ARTICLE 4. RELEASE OF INFORMATION

Neither Party should disclose or distribute any information that has been provided by the other party, without obtaining a prior written consent.

## **ARTICLE 5. THE OTHERS**

The Parties shall engage in other activities to better enhance mutual understanding and collaboration. Any other specific requirement (Term and Condition) not expressly stated in the Memorandum shall be fully described in the forms of "Supplementary Provisions", "Miscellaneous Provisions" and other agreements signed by both parties.

In witness whereof, each of the parties hereto has caused the Memorandum to be executed by its duly authorized representative putting his signature on the respective dates entered below. The Memorandum is prepared in English in two originals and each party will retain one original.
